**Background Information and Statutory Authority:**

Goal 5: The *Regulations Governing the Review and Approval of Education Programs in Virginia* (8VAC20-542-10 et seq.), effective September 21, 2007, and amended January 19, 2011, require colleges and universities that offer programs for the preparation of professional school personnel to obtain education program (endorsement) approval from the Board of Education. Thirty-seven institutions of higher education in Virginia offer programs for the preparation of instructional personnel. Nineteen of the 37 institutions of higher education also offer programs for the preparation of PreK-12 administrative and supervision personnel.

Pursuant to Section 22.1-305.2 of the *Code of Virginia*, the Advisory Board on Teacher Education and Licensure (ABTEL) reviews and makes recommendations to the Board of Education on approval of Virginia education programs for school personnel. Final authority for program approval rests with the Board of Education.

The *Regulations Governing the Review and Approval of Education Programs in Virginia*, in part, stipulate the following:

**8VAC20-542-20. Administering the regulations.**

- D. Institutions of higher education seeking approval of an education program shall be accredited by a regional accrediting agency....
- H. Education programs shall be approved under these regulations biennially based on compliance with the criteria described in 8VAC20-542-40....

**8VAC20-542-40. Standards for biennial approval of education programs.**

...that approved education programs in Virginia shall have national accreditation...and demonstrate achievement biennially of the following accountability measures:

1. Candidate progress and performance on prescribed Board of Education licensure assessments. Candidate passing rates, reported by percentages, shall not fall below 70% biennially for individuals completing and exiting the program. Achievement of an 80% biennial passing rate shall be required by July 1, 2010. Candidates completing a program shall have successfully completed all coursework, required assessments, including those prescribed by the Board of Education, and supervised student teaching or internship. Candidates exiting a program shall have successfully completed all coursework, regardless of whether the individuals attempted, passed, or failed required assessments, including those prescribed by the Board of Education, and/or who may not have completed supervised student teaching or required internship.
2. Candidate progress and performance on an assessment of basic skills as prescribed by the Board of Education for individuals seeking entry into an approved education preparation program.
3. Structured and integrated field experiences to include student teaching requirements.
4. Evidence of opportunities for candidates to participate in diverse school settings that provide experiences with populations that include racial, economic, linguistic, and ethnic diversity throughout the program experiences.
5. Evidence of contributions to PreK-12 student achievement by candidates completing the program.
6. Evidence of employer job satisfaction with candidates completing the program.
7. Partnerships and collaborations based on PreK-12 school needs.

**8VAC20-542-50. Application of the standards.**

- A. As a prerequisite to program approval, professional education programs in Virginia shall have national accreditation or be accredited by a process approved by the Board of Education as prescribed in 8VAC20-542-30 and 8VAC20-542-60. Failure to do so will result in the education program being designated as “approval denied.”
- B. The education program’s candidate passing rates shall not fall below 70% biennially for individuals completing and exiting the program. Achievement of an 80% biennial passing rate for individuals completing and exiting the program shall be required by July 1, 2010.
- C. The education program is responsible to certify documented evidence that the following standards as set forth in 8VAC20-542-40 have been met:
  - 1. The education program shall demonstrate candidate progress and performance on an assessment of basic skills as prescribed by the Board of Education for individuals seeking entry into an approved education preparation program.
  - 2. The education program shall provide structured and integrated field experiences.
  - 3. The education program shall provide evidence of opportunities for candidates to participate in diverse school settings that provide experiences with populations that include racial, economic, linguistic, and ethnic diversity throughout the program experiences.
  - 4. The education program shall provide evidence of contributions to PreK-12 student achievement by candidates completing the program.
  - 5. The education program shall provide evidence of employer job satisfaction with candidates completing the program.
- D. The education program shall develop biennial accountability measures to be reviewed and approved by the Board of Education for partnerships and collaborations based on PreK-12 school needs.
- E. After submitting to the Department of Education the information contained in 8VAC20-542-50, education programs in Virginia shall receive one of the following three ratings:
  - 1. Approved. The education program has met all standards set forth in 8VAC20-542-40.
  - 2. Approved with stipulations. The education program has met standards in subsections A and B of this section and is making documented progress toward meeting standards in subsections C and D of this section.
  - 3. Approval denied. The education program has not met standards in subsections A and B of this section. The program shall be denied and the public notified. The program may resubmit a request for approval at the end of the next biennial period....

## **8VAC20-542-70. Competencies for endorsement areas.**

The professional education program develops, maintains, and continuously evaluates high quality professional education programs that are collaboratively designed and based on identified needs of the PreK-12 community. Candidates in education programs for teachers demonstrate competence in the core academic content areas that they plan to teach. The indicator of the achievement of this standard shall include the following:

Candidates demonstrate an understanding of competencies, including the core concepts and facts of the disciplines and the *Virginia Standards of Learning* for the content areas they plan to teach....

### **Summary of Important Issues:**

The approval of the education programs at Virginia institutions of higher education include the review of partnerships and collaborations, biennial reporting of accountability measures, and program alignment with competencies.

#### Partnerships and Collaborations

During the summer of 2012, each institution offering education programs in Virginia submitted to the Virginia Department of Education a report documenting partnerships and collaborations based on PreK-12 school needs for each program (endorsement) offered. The institutions of higher education reported participation in multiple partnerships and collaborations with educational, governmental, professional, business, and community entities, as well as with school divisions, nonpublic schools, parents, and PreK-12 students. During the November 29, 2012, meeting, the Board of Education approved the Advisory Board on Teacher Education and Licensure's recommendation to grant approval for the accountability measurement of partnerships and collaborations based on PreK-12 school needs required by the *Regulations Governing the Review and Approval of Education Programs in Virginia*.

#### Biennial Reporting for Accountability

Attached is a summary of the *Biennial Report for Accountability Measure 1--Candidate Progress and Performance on Prescribed Board of Education Licensure Assessments*, for the biennial period of September 1, 2011 to August 31, 2013. Institutions of higher education are required to report passing scores for licensure assessments for each education (endorsement) program and verify that Standards 2 through 6 set forth in Section 8VAC20-542-40 of the *Regulations Governing the Review and Approval of Education Programs in Virginia* have been met and documentation of the evidence is on file and available for review at the institution. All institutions verified that Standards 2 through 6 had been met.

Whether candidates passed, failed, or did not take the required licensure assessments were reported for program exiters and completers. The licensure assessments included the Virginia Communication and Literacy Assessment (VCLA), Praxis II: Specialty Area Tests, Virginia Reading Assessment (VRA)/ Reading for Virginia Educators (RVE) for specified endorsement areas, and the School Leadership Licensure Assessment (SLLA) for the administration and supervision endorsement. Programs with less than ten completers and exiters for an education program in a biennial period are required to be included in the next biennial report when there are at least ten completers.

Advisory Board on Teacher Education and Licensure’s Recommendation

On September 23, 2013, the Advisory Board on Teacher Education and Licensure received a report on the biennial measures. The following education program fell below the minimum prescribed candidate passing rate of 80 percent for the assessments required for that education program:

<b>Institution of Higher Education</b>	<b>Education Program</b>	<b>Assessment</b>	<b>Pass Rate (%)</b>
Emory and Henry College	History and Social Sciences	Praxis II	66.7%

All other education programs met or exceeded a candidate passing rate of 80 percent or higher for each assessment required per education program as required by Accountability Measure 1.

The Advisory Board approved a recommendation to the Board of Education that the Virginia education programs submitted for review be granted “Approved” status with the exception of the History and Social Sciences program at Emory and Henry College that fell below the 80 percent passing rate requirement.

**Impact on Fiscal and Human Resources:**

There is minimum impact on resources.

**Timetable for Further Review/Action:**

Colleges and universities will be notified of the action by the Board of Education.

**Superintendent's Recommendations:**

1. The Superintendent of Public Instruction recommends that the Board of Education approve the Advisory Board on Teacher Education and Licensure’s recommendation to grant “Approved” status to the education (endorsement) programs at Old Dominion University.
2. The Superintendent of Public Instruction recommends that the Board of Education approve the Advisory Board on Teacher Education and Licensure’s recommendation to grant “Approved” status to the education (endorsement) programs at The University of Virginia and The University of Virginia at Wise.
3. The Superintendent of Public Instruction recommends that the Board of Education approve the Advisory Board on Teacher Education and Licensure’s recommendation to grant “Approved” status to the education (endorsement) programs offered at all other colleges and universities with the exception of the Advisory Board’s recommendation to grant “Approval Denied” status to the History and Social Sciences program at Emory and Henry College. [Upon denial of a program, the public must be notified. Enrolled candidates will be permitted to complete their programs of study. New candidates shall not be admitted. The program may resubmit a request for approval at the end of the next biennial period.]

## Executive Summary

### Introduction

Thirty-seven institutions of higher education in Virginia have Virginia Board of Education approved programs for the preparation of instructional personnel. Nineteen of the 37 institutions of higher education also have an approved administration and supervision prek-12 program. (Ref. Appendix A)

The review and approval of programs for the preparation of professional school personnel is a cooperative responsibility of institutions of higher education, school divisions, and the Virginia Department of Education (VDOE). Programs are reviewed biennially and must demonstrate achievement of the accountability measures set forth in the Virginia Board of Education *Regulations Governing the Review and Approval of Education Programs in Virginia*, 8VAC20-542-40.

This report specifically addresses the progress of the institutions of higher education in achieving accountability measures 1 through 6 for the biennial reporting period of September 1, 2011 through August 31, 2013. VDOE requested that each institution complete and return the following three documents to report its progress in achieving accountability measures 1 through 6 for the current biennial reporting period:

- Certification for Standard 1 – Assessment Passing Rates;
- Certification for Standards 2 through 6; and
- Affidavit for Standards 1 through 6.

(Refer to Appendix B for a sample template of each document type.) All 37 institutions of higher education completed and returned these documents to VDOE for the 2011-13 biennial period.

A description of each of the accountability measures (as set forth in the *Regulations Governing the Review and Approval of Education Programs in Virginia*), the methodology used to collect achievement results, and a summary of the institutions' achievement results for each accountability measure are provided.

## **Accountability Measure 1 – Candidate progress and performance on prescribed licensure assessments**

Description – Excerpt from the *Regulations Governing the Review and Approval of Education Programs in Virginia, 8VAC20-542-40.1*

“Candidate progress and performance on prescribed Board of Education licensure assessments. Candidate passing rates, reported by percentages, shall not fall below 70% biennially for individuals completing and exiting the program. Achievement of an 80% biennial passing rate shall be required by July 1, 2010. Candidates completing a program shall have successfully completed all coursework, required assessments, including those prescribed by the Board of Education, and supervised student teaching or internship. Candidates exiting a program shall have successfully completed all coursework, regardless of whether the individuals attempted, passed, or failed required assessments, including those prescribed by the Board of Education, and/or who may not have completed supervised student teaching or required internship.”

Definitions - Excerpt from the *Regulations Governing the Review and Approval of Education Programs in Virginia, 8VAC20-542-10*

“Candidates” means individuals enrolled in education programs.

“Candidates completing a program” means individuals who have successfully completed all coursework, required assessments, including those prescribed by the Board of Education, and supervised student teaching or required internship.

“Candidates exiting a program” means individuals who have successfully completed all coursework, regardless of whether the individuals attempted, passed, or failed required assessments, including those prescribed by the Board of Education, and/or who may not have completed supervised student teaching or required internship.

### Methodology:

The 37 institutions of higher education submitted the following data to VDOE for each education program: the number of program completers and the number of program exiters for the current biennial reporting period. (Note that if an approved education program had less than ten completers and exiters reported in the prior biennial reporting period, then those completers and exiters were provided by VDOE as “Rollover Only from Prior Biennial Reporting Period” and were automatically summed together with the current biennial reporting period completers and exiters submitted by the institution of higher education to arrive at “Total Completers and Exiters” for that education program on the report.)

In addition, for each program that had ten or more “Total Completers and Exiters,” the institutions of higher education provided a breakout of the number of candidates who

passed, who did not pass, who did not take, and who were not required to take the applicable licensure assessment for that approved program.

If there were less than ten “Total Completers and Exiters” for an education program, then the results of the respective licensure assessments were left blank and will be rolled over, i.e., added into the candidate pool used for the next biennial report. This action was taken so as to maintain specific candidate anonymity with regards to assessment results and to assure statistical relevancy.

*Achievement Results:*

***The following education programs fell below the minimum prescribed candidate passing rate of 80 percent for one of the assessments required for that education program:***

<b>Institution of Higher Education</b>	<b>Education Program</b>	<b>Assessment</b>	<b>Pass Rate (%)</b>
Emory and Henry College	History and Social Sciences	Praxis II	66.7%

***All other education programs met or exceeded a candidate passing rate of 80 percent or higher for each assessment required per education program as required by Accountability Measure 1.*** (See Appendix C to view a table of the prescribed tests by education program.) The candidate passing rate was calculated for each program with a total of ten or more completers and exiters. The candidates passing rate was calculated using the following formula:

Number of candidates who passed the assessment / Total number of completers and exiters required to take the assessment.

(Detailed results reported by each institution of higher education are displayed in Appendix D.)

The average candidate passing rate by assessment type reported for this biennial period across all qualifying education programs with a total of ten or more completers and exiters is indicated below.

- a) Academic Skills Assessment = 98.9%.

The prescribed academic skills assessment is the *Virginia Communication and Literacy Assessment (VCLA)*. This assessment is applicable to subject area endorsements. The VCLA is not required for add-on endorsements or for Administration and Supervision PreK-12, School Counselor PreK-12, School Psychology or School Social Worker endorsements.

b) Content Assessment = 98.7%.

The prescribed content assessment is the Praxis II: Specialty Area Test. This content area (teaching area) assessment is applicable to the following subject area endorsements only: Business and Information Technology; Early/Primary Education PreK-3; Elementary Education PreK-6; English; French; German; Family and Consumer Sciences; Health and Physical Education; History and Social Sciences; Marketing Education; Mathematics; Middle Education 6-8; Music Education-Instrumental; Music Education-Vocal/Choral; Science-Biology; Science-Chemistry; Science-Earth Science; Science-Physics; Spanish; Technology Education; and Visual Arts.

c) Reading Assessments = 97.1%.

The prescribed reading assessment for subject area endorsements in Early/Primary Education PreK-3, Elementary Education PreK-6, Special Education-General Curriculum, Special Education-Hearing Impairments, and Special Education-Visual Impairments is either the Virginia Reading Assessment (VRA) for Elementary and Special Education Teachers, taken prior to July 1, 2011; or the Reading for Virginia Educators: Elementary and Special Education (RVE), taken after June 30, 2011. The prescribed reading assessment for the Reading Specialist endorsement is either the Virginia Reading Assessment (VRA) for Reading Specialist, taken prior to July 1, 2011; or the Reading for Virginia Educators: Reading Specialist (RVE for Reading Specialists) assessment, taken after June 30, 2011.

d) School Leadership Assessment = 94.2%.

The prescribed leadership assessment, applicable to the Administration and Supervision PreK-12 endorsement only, is the School Leadership Licensure Assessment (SLLA).

**Accountability Measure 2 – Candidate progress and performance on licensure assessments of basic skills for individuals seeking entry into an approved education preparation program**

Description – Excerpt from the *Regulations Governing the Review and Approval of Education Programs in Virginia, 8VAC20-542-40.2*

“Candidate progress and performance on an assessment of basic skills as prescribed by the Board of Education for individuals seeking entry into an approved education preparation program. Indicators of the achievement of this standard shall include the following:

- a. Results on Board of Education prescribed entry-level assessments; and
- b. Documentation that candidates enrolled in the program who fail to achieve a minimum score established by the Board of Education have the opportunity to address any deficiencies.”

Methodology:

For Accountability Measure 2, each institution of higher education was asked to indicate one of four status results for each of its education programs based on the following criteria:

- 1) For each education program that received approval prior to September 1, 2011, and for which there was at least one program completer or program exiter during the current biennial reporting period, indicate if you met the standard by reporting either “MET” or “NOT MET” for the program.
- 2) For each education program that received approval prior to September 1, 2011, and for which there was a total of zero program completers and program exiters for the current biennial reporting period, report “INACTIVE” for the program.
- 3) For each education program that received approval on or after September 1, 2011, report "NEW" for the program.

Achievement Results:

***All institutions of higher education submitted a status result of MET for programs approved prior to September 1, 2011, and for which there was at least one program completer or program exiter for the current biennial reporting period.*** A summary of the status results by institution is displayed in Table 1 (on the next page). Detailed status results as reported by each institution are available in Appendix E.

### **Accountability Measure 3 – Structured and integrated field experiences to include student teaching requirements**

Description – Excerpt from the *Regulations Governing the Review and Approval of Education Programs in Virginia, 8VAC20-542-40.3*

“Structured and integrated field experiences to include student teaching requirements. Indicators of the achievement of this standard shall include the following:

- a. Evidence that candidates receive quality structured and integrated field experiences that prepare them to work in diverse educational environments; and
- b. Evidence that at least 300 clock hours of field experiences for initial programs (including early exposure to preK-12 classroom experiences) to include a minimum of 150 clock hours of directed student teaching requirements are provided. Programs in administration and supervision shall provide field experiences with a minimum of 320 clock hours as part of a deliberately structured internship over the duration of a preparation program. The majority of the school level supervised experience shall take place during the school day in concentrated blocks of time when preK-12 students are present.”

#### Methodology:

For Accountability Measure 3, each institution of higher education was asked to indicate one of four status results for each of its education programs based on the following criteria:

- 1) For each education program that received approval prior to September 1, 2011, and for which there was at least one program completer or program exiter during the current biennial reporting period, indicate if you met the standard by reporting either “MET” or “NOT MET” for the program.

- 3) For each education program that received approval on or after September 1, 2011, report "NEW" for the program.

#### Achievement Results:

***All institutions of higher education submitted a status result of MET for programs approved prior to September 1, 2011, and for which there was at least one program completer or program exiter for the current biennial reporting period.*** A summary of the status results by institution is displayed in Table 2 (on the next page). Detailed status results as reported by each institution are available in Appendix E.

**Accountability Measure 4 – Evidence of opportunities for candidates to participate in diverse school settings that include racial, economic, linguistic, and ethnic diversity throughout the program experiences**

Description – Excerpt from the *Regulations Governing the Review and Approval of Education Programs in Virginia, 8VAC20-542-40.4*

“Evidence of opportunities for candidates to participate in diverse school settings that provide experiences with populations that include racial, economic, linguistic, and ethnic diversity throughout the program experiences. The indicator of the achievement of this standard shall include evidence that the professional education programs provide opportunities for candidates to have program experiences in diverse school settings that provide experiences with populations that include racial, economic, linguistic, and ethnic diversity within each biennial period.”

Methodology:

For Accountability Measure 4, each institution of higher education was asked to indicate one of four status results for each of its education programs based on the following criteria:

- 1) For each education program that received approval prior to September 1, 2011, and for which there was at least one program completer or program exiter during the current biennial reporting period, indicate if you met the standard by reporting either “MET” or “NOT MET” for the program.

**Accountability Measure 5 – Evidence of contributions to preK-12 student achievement by candidates completing the program**

Description – Excerpt from the *Regulations Governing the Review and Approval of Education Programs in Virginia, 8VAC20-542-40.5*

“Evidence of contributions to preK-12 student achievement by candidates completing the program. Indicators of the achievement of this standard shall include the following:

- a. Evidence to show that candidates know about, create, and use appropriate and effective assessments in teaching that shall provide dependable information about student achievement;
- b. Evidence to document faculty have made provisions for evaluating effects that candidates have on preK-12 student learning in the context of teaching as they design unit assessment systems and assessments for each program; and
- c. Evidence that the education program assesses candidates' mastery of exit criteria and performance proficiencies, including the ability to affect student learning, through the use of multiple sources of data such as a culminating experience, portfolios, interviews, videotaped and observed performance in schools, standardized tests, and course grades.”

Methodology:

For Accountability Measure 5, each institution of higher education was asked to indicate one of four status results for each of its education programs based on the following criteria:

- 1) For each education program that received approval prior to September 1, 2011, and for which there was at least one program completer or program exiter during the current biennial reporting period, indicate if you met the standard by reporting either “MET” or “NOT MET” for the program.
- 2) For each education program that received approval prior to September 1, 2011, and for which there was a total of zero program completers and program exiters for the current biennial reporting period, report “INACTIVE” for the program.

**Accountability Measure 6 – Evidence of employer job satisfaction with candidates completing the program.**

Description – Excerpt from the *Regulations Governing the Review and Approval of Education Programs in Virginia, 8VAC20-542-40.6*

“Evidence of employer job satisfaction with candidates completing the program. The indicator of the achievement of this standard shall include documentation that the education program has two years of evidence regarding candidate performance based on employer surveys.”

Methodology:

For Accountability Measure 6, each institution of higher education was asked to indicate one of four status results for each of its education programs based on the following criteria:

- 1) For each education program that received approval prior to September 1, 2011, and for which there was at least one program completer or program exiter during the current biennial reporting period, indicate if you met the standard by reporting either “MET” or “NOT MET” for the program.
- 2) For each education program that received approval prior to September 1, 2011, and for which there was a total of zero program completers and program exiters for the current biennial reporting period, report “INACTIVE” for the program.
- 3) For each education program that received approval on or after September 1, 2011, report "NEW" for the program.

Achievement Results:

***All institutions of higher education submitted a status result of MET for programs approved prior to September 1, 2011, and for which there was at least one program completer or program exiter for the current biennial reporting period.*** A summary of the status results by institution is displayed in Table 5 (on next page). Detailed status results as reported by each institution are available in Appendix E.

### *Standards for Biennial Approval of Education Programs (8VAC20-542-40.1) Certification of Standard 1 - Assessment Passing Rates*

**Biennial Reporting Period:** September 1, 2011, through August 31, 2013

**Name of Institution:** SAMPLE UNIVERSITY

Std. #	Description of Standard																									
1.	<b>Candidate Progress and Performance on Prescribed Board of Education Licensure Assessments.</b> Candidate passing rates, reported by percentages, shall not fall below 80% biennially for individuals completing and exiting the program. Candidates completing a program shall have successfully completed all coursework, required assessments, including those prescribed by the Board of Education, and supervised student teaching or internship. Candidates exiting a program shall have successfully completed all coursework, regardless of whether the individuals attempted, passed, or failed required assessments, including those prescribed by the Board of Education, and/or who may not have completed supervised student teaching or required internship.																									
Ref.	Description of Assessments																									
A	<b>Academic Skills Assessment:</b> The prescribed test is the <i>Virginia Communication and Literacy Assessment (VCLA)</i> . This assessment is applicable to individuals seeking an initial teaching license. The VCLA is not required for add-on endorsements or for Administration and Supervision PreK-12, School Counselor PreK-12, School Psychology, School Social Worker, or Speech Language Pathologist PreK-12 endorsements.																									
B	<b>Content Assessment:</b> The prescribed test is the <i>Praxis II: Specialty Area Test</i> . This assessment is applicable to the following subject area endorsements only: Business and Information Technology; Early/Primary Education PreK-3; Elementary Education PreK-6; English; French; German; Family and Consumer Sciences; Health and Physical Education; History and Social Sciences; Marketing Education; Mathematics; Middle Education 6-8; Music Education-Instrumental; Music Education-Vocal/Choral; Science-Biology; Science-Chemistry; Science-Earth Science; Science-Physics; Spanish; Technology Education; and Visual Arts.																									
C	<b>Virginia Reading Assessment:</b> The prescribed test for individuals seeking an initial teaching license with endorsements in Early/Primary Education PreK-3, Elementary Education PreK-6, Special Education-General Curriculum, Special Education-Hearing Impairments, or Special Education-Visual Impairments is either the <i>Virginia Reading Assessment for Elementary and Special Education Teachers (VRA)</i> or the <i>Reading for Virginia Educators: Elementary and Special Education (RVE)</i> . The prescribed test for the Reading Specialist endorsement is the <i>Virginia Reading Assessment for Reading Specialist</i> or the <i>Reading for Virginia Educators: Reading Specialist</i> .																									
D	<b>School Leadership Assessment:</b> The prescribed test, applicable to the Administration and Supervision PreK-12 endorsement only, is the <i>School Leadership Licensure Assessment (SLLA)</i> .																									
Key																										
P = Passed; NP = Not Passed; NT = Not Taken; NR = Not Required (because the candidate is seeking an added endorsement to an existing Virginia teaching license).																										
Not Applicable (N/A) = The licensure assessment is not prescribed for the respective approved education program.																										
Instructions																										
Please note that if an approved education program had less than ten completers and exiters reported in the prior biennial reporting period, then those completers and exiters are displayed in the table below under the "Rollover Only from Prior Biennial Reporting Period" column and will automatically be summed together with the current biennial reporting period completers and exiters for that education program.																										
For each approved education program listed below, complete the following information as it pertains to the Current Biennial Reporting Period, i.e., September 1, 2011, through August 31, 2013:																										
Step 1 Enter the number of program completers for the current biennial reporting period.																										
Step 2 Enter the number of program exiters for the current biennial reporting period.																										
<b>Note, the spreadsheet will automatically calculate the "Total Completers and Exiters" for each approved education program based on the sum of the "Rollover" completers and exiters and of your current period entries in Step 1 and Step 2.</b>																										
Step 3 If there are <b>ten or more "Total Completers and Exiters"</b> , then proceed to enter in each of the designated columns the number (i.e., zero or higher) of candidates who passed (P), who did not pass (NP), who did not take (NT), and who were not required to take (NR) the applicable licensure assessments for that approved program.																										
Step 4 If there are <b>less than ten "Total Completers and Exiters"</b> for an approved education program, then do <b>NOT</b> enter candidate results for the respective licensure assessments for that approved education program. These candidates will be rolled over, i.e., added into the pool used for the next biennial report.																										
<b>Note, the "Pass Rate (%)" will automatically be calculated by the spreadsheet for each respective licensure assessment for each approved education program.</b>

Std. #	Description of Standard				
2.	Candidate progress and performance on an assessment of basic skills as prescribed by the Board of Education for individuals seeking entry into an approved education preparation program. Indicators of the achievement of this standard shall include: <ol style="list-style-type: none"> <li>a. Results on Board of Education prescribed entry-level assessments; and</li> <li>b. Documentation that candidates enrolled in the program who fail to achieve a minimum score established by the Board of Education have the opportunity to address any deficiencies.</li> </ol>				
3.	Structured and integrated field experiences to include student teaching requirements. Indicators of the achievement of this standard shall include the following: <ol style="list-style-type: none"> <li>a. Evidence that candidates receive quality structured and integrated field experiences that prepare them to work in diverse educational environments; and</li> <li>b. Evidence that at least 300 clock hours of field experiences for initial programs (including early exposure to PreK-12 classroom experiences) to include a minimum of 150 clock hours of directed student teaching requirements are provided. Programs in administration and supervision shall provide field experiences with a minimum of 320 clock hours as part of a deliberately structured internship over the duration of a preparation program. The majority of the school level supervised experience shall take place during the school day in concentrated blocks of time when PreK-12 students are present.</li> </ol>				
4.	Evidence of opportunities for candidates to participate in diverse school settings that provide experiences with populations that include racial, economic, linguistic, and ethnic diversity throughout the program experiences. The indicator of the achievement of this standard shall include evidence that the professional education programs provide opportunities for candidates to have program experiences in diverse school settings that provide experiences with populations that include racial, economic, linguistic, and ethnic diversity within each biennial period.				
5.	Evidence of contributions to PreK-12 student achievement by candidates completing the program. Indicators of the achievement of this standard shall include the following <ol style="list-style-type: none"> <li>a. Evidence to show that candidates know about, create, and use appropriate and effective measurements in teaching that shall provide dependable information about student achievement;</li> <li>b. Evidence to document faculty have made provisions for evaluating effects that candidates have on PreK-12 student learning in the context of teaching as they design unit assessment systems and assessments for each program; and</li> <li>c. Evidence that the education program assesses candidates' mastery of exit criteria and performance proficiencies, including the ability to affect student learning, through the use of multiple sources of data such as culminating experience, portfolios, interviews, videotaped and observed performance in schools and standardized tests, and course grades.</li> </ol>				
6.	Evidence of employer job satisfaction with candidates completing the program. The indicator of the achievement of this standard shall include documentation that the education program has two years of evidence regarding candidate performance based on employer surveys.				
NOTE	Documentation of the evidence of Standards 2 through 6 above must be maintained at the IHE and made available for audit upon request by VDOE.

## Appendix C - Table of Prescribed Tests

### Table of Prescribed Tests:

The table below displays the tests prescribed by the Board of Education as part of licensure assessments for approved education programs. For each approved education program, if "Yes" appears in a test type column, then that test is prescribed for that program.

**Note 1:** The VCLA assessment consists of the following two parts: Reading (Test Code 091) and Writing (Test Code 092).

The sum (composite) of those two scores is evaluated as part of the licensure assessment. A composite score of at least 470 is considered "Passing".

**Note 2:** The VCLA is required for an initial license. The VCLA is not required for an individual seeking a Pupil Personnel Services license with endorsements such as School Counselor, School Psychology, School Social Worker, or Speech-Language Pathologist. The VCLA is not required for add-on endorsements.

**Note 3:** Effective July 1, 2011, the Reading for Virginia Educators: Elementary and Special Education (RVE) assessment replaced the Virginia Reading Assessment (VRA); and the Reading for Virginia Educators: Reading Specialist (RVE for Reading Specialists) assessment replaced the Virginia Reading Assessment for Reading Specialists (VRA for Reading Specialists). The Virginia Board of Education set passing scores for RVE assessments (Test Code 0306 or 5306; 0304 or 5304) in May 2011, which will be applied to those RVE tests that were administered beginning in

Instructions																										
Please note that if an approved education program had less than ten completers and exiters reported in the prior biennial reporting period, then those completers and exiters are displayed in the table below under the "Rollover Only from Prior Biennial Reporting Period" column and will automatically be summed together with the current biennial reporting period completers and exiters for that education program.																										
<b>For each approved education program listed below, complete the following information as it pertains to the Current Biennial Reporting Period, i.e., September 1, 2011, through August 31, 2013:</b>																										
Step 1 Enter the number of program completers for the current biennial reporting period. Step 2 Enter the number of program exiters for the current biennial reporting period. <b>Note, the spreadsheet will automatically calculate the "Total Completers and Exiters" for each approved education program based on the sum of the "Rollover" completers and exiters and of your current period entries in Step 1 and Step 2.</b>																										
Step 3 If there are <b>ten or more "Total Completers and Exiters"</b> , then proceed to enter in each of the designated columns the number (i.e., zero or higher) of candidates who passed (P), who did not pass (NP), who did not take (NT), and who were not required to take (NR) the applicable licensure assessments for that approved program.																										
Step 4 If there are <b>less than ten "Total Completers and Exiters"</b> for an approved education program, then do <b>NOT</b> enter candidate results for the respective licensure assessments for that approved education program. These candidates will be rolled over, i.e., added into the pool used for the next biennial report. <b>Note, the "Pass Rate (%)" will automatically be calculated by the spreadsheet for each respective licensure assessment for each approved education program.</b>

Instructions																										
Please note that if an approved education program had less than ten completers and exiters reported in the prior biennial reporting period, then those completers and exiters are displayed in the table below under the "Rollover Only from Prior Biennial Reporting Period" column and will automatically be summed together with the current biennial reporting period completers and exiters for that education program.																										
<b>For each approved education program listed below, complete the following information as it pertains to the Current Biennial Reporting Period, i.e., September 1, 2011, through August 31, 2013:</b>																										
Step 1 Enter the number of program completers for the current biennial reporting period.																										
Step 2 Enter the number of program exiters for the current biennial reporting period.																										
<b>Note, the spreadsheet will automatically calculate the "Total Completers and Exiters" for each approved education program based on the sum of the "Rollover" completers and exiters and of your current period entries in Step 1 and Step 2.</b>																										
Step 3 If there are <b>ten or more "Total Completers and Exiters"</b> , then proceed to enter in each of the designated columns the number (i.e., zero or higher) of candidates who passed (P), who did not pass (NP), who did not take (NT), and who were not required to take (NR) the applicable licensure assessments for that approved program.																										
Step 4 If there are <b>less than ten "Total Completers and Exiters"</b> for an approved education program, then do <b>NOT</b> enter candidate results for the respective licensure assessments for that approved education program. These candidates will be rolled over, i.e., added into the pool used for the next biennial report.																										
<b>Note, the "Pass Rate (%)" will automatically be calculated by the spreadsheet for each respective licensure assessment for each approved education program.</b>

Instructions																								
Please note that if an approved education program had less than ten completers and exiters reported in the prior biennial reporting period, then those completers and exiters are displayed in the table below under the "Rollover Only from Prior Biennial Reporting Period" column and will automatically be summed together with the current biennial reporting period completers and exiters for that education program.																								
<b>For each approved education program listed below, complete the following information as it pertains to the Current Biennial Reporting Period, i.e., September 1, 2011, through August 31, 2013:</b>																								
Step 1 Enter the number of program completers for the current biennial reporting period.																								
Step 2 Enter the number of program exiters for the current biennial reporting period.																								
<b>Note, the spreadsheet will automatically calculate the "Total Completers and Exiters" for each approved education program based on the sum of the "Rollover" completers and exiters and of your current period entries in Step 1 and Step 2.</b>																								
Step 3 If there are <b>ten or more "Total Completers and Exiters"</b> , then proceed to enter in each of the designated columns the number (i.e., zero or higher) of candidates who passed (P), who did not pass (NP), who did not take (NT), and who were not required to take (NR) the applicable licensure assessments for that approved program.																								
Step 4 If there are <b>less than ten "Total Completers and Exiters"</b> for an approved education program, then do <b>NOT</b> enter candidate results for the respective licensure assessments for that approved education program. These candidates will be rolled over, i.e., added into the pool used for the next biennial report.																								
<b>Note, the "Pass Rate (%)" will automatically be calculated by the spreadsheet for each respective licensure assessment for each approved education program.</b>

Std.	Description of Standard																							
1.	<b>Candidate Progress and Performance on Prescribed Board of Education Licensure Assessments.</b> Candidate passing rates, reported by percentages, shall not fall below 80% biennially for individuals completing and exiting the program. Candidates completing a program shall have successfully completed all coursework, required assessments, including those prescribed by the Board of Education, and supervised student teaching or internship. Candidates exiting a program shall have successfully completed all coursework, regardless of whether the individuals attempted, passed, or failed required assessments, including those prescribed by the Board of Education, and/or who may not have completed supervised student teaching or required internship.																							
Ref.	Description of Assessments																							
A	<b>Academic Skills Assessment:</b> The prescribed test is the <i>Virginia Communication and Literacy Assessment (VCLA)</i> . This assessment is applicable to individuals seeking an initial teaching license. The VCLA is not required for add-on endorsements or for Administration and Supervision PreK-12, School Counselor PreK-12, School Psychology, School Social Worker, or Speech Language Pathologist PreK-12 endorsements.																							
B	<b>Content Assessment:</b> The prescribed test is the <i>Praxis II: Specialty Area Test</i> . This assessment is applicable to the following subject area endorsements only: Business and Information Technology; Early/Primary Education PreK-3; Elementary Education PreK-6; English; French; German; Family and Consumer Sciences; Health and Physical Education; History and Social Sciences; Marketing Education; Mathematics; Middle Education 6-8; Music Education-Instrumental; Music Education-Vocal/Choral; Science-Biology; Science-Chemistry; Science-Earth Science; Science-Physics; Spanish; Technology Education; and Visual Arts.																							
C	<b>Virginia Reading Assessment:</b> The prescribed test for individuals seeking an initial teaching license with endorsements in Early/Primary Education PreK-3, Elementary Education PreK-6, Special Education-General Curriculum, Special Education-Hearing Impairments, or Special Education-Visual Impairments is either the <i>Virginia Reading Assessment for Elementary and Special Education Teachers (VRA)</i> or the <i>Reading for Virginia Educators: Elementary and Special Education (RVE)</i> . The prescribed test for the Reading Specialist endorsement is the <i>Virginia Reading Assessment for Reading Specialist</i> or the <i>Reading for Virginia Educators: Reading Specialist</i> .																							
D	<b>School Leadership Assessment:</b> The prescribed test, applicable to the Administration and Supervision PreK-12 endorsement only, is the <i>School Leadership Licensure Assessment (SLLA)</i> .																							
Key																								
P = Passed; NP = Not Passed; NT = Not Taken; NR = Not Required (because the candidate is seeking an added endorsement to an existing Virginia teaching license).																								
Not Applicable (N/A) = The licensure assessment is not prescribed for the respective approved education program.																								
Instructions																								
Please note that if an approved education program had less than ten completers and exiters reported in the prior biennial reporting period, then those completers and exiters are displayed in the table below under the "Rollover Only from Prior Biennial Reporting Period" column and will automatically be summed together with the current biennial reporting period completers and exiters for that education program.																								
<b>For each approved education program listed below, complete the following information as it pertains to the Current Biennial Reporting Period, i.e., September 1, 2011, through August 31, 2013:</b>																								
Step 1 Enter the number of program completers for the current biennial reporting period.																								
Step 2 Enter the number of program exiters for the current biennial reporting period.																								
<b>Note, the spreadsheet will automatically calculate the "Total Completers and Exiters" for each approved education program based on the sum of the "Rollover" completers and exiters and of your current period entries in Step 1 and Step 2.</b>																								
Step 3 If there are <b>ten or more "Total Completers and Exiters"</b> , then proceed to enter in each of the designated columns the number (i.e., zero or higher) of candidates who passed (P), who did not pass (NP), who did not take (NT), and who were not required to take (NR) the applicable licensure assessments for that approved program.																								
Step 4 If there are <b>less than ten "Total Completers and Exiters"</b> for an approved education program, then do <b>NOT</b> enter candidate results for the respective licensure assessments for that approved education program. These candidates will be rolled over, i.e., added into the pool used for the next biennial report.																								
<b>Note, the "Pass Rate (%)" will automatically be calculated by the spreadsheet for each respective licensure assessment for each approved education program.</b>

Instructions																									
Please note that if an approved education program had less than ten completers and exiters reported in the prior biennial reporting period, then those completers and exiters are displayed in the table below under the "Rollover Only from Prior Biennial Reporting Period" column and will automatically be summed together with the current biennial reporting period completers and exiters for that education program.																									
<b>For each approved education program listed below, complete the following information as it pertains to the Current Biennial Reporting Period, i.e., September 1, 2011, through August 31, 2013:</b>																									
Step 1 Enter the number of program completers for the current biennial reporting period. Step 2 Enter the number of program exiters for the current biennial reporting period. <b>Note, the spreadsheet will automatically calculate the "Total Completers and Exiters" for each approved education program based on the sum of the "Rollover" completers and exiters and of your current period entries in Step 1 and Step 2.</b>																									
Step 3 If there are <b>ten or more "Total Completers and Exiters"</b> , then proceed to enter in each of the designated columns the number (i.e., zero or higher) of candidates who passed (P), who did not pass (NP), who did not take (NT), and who were not required to take (NR) the applicable licensure assessments for that approved program.																									
Step 4 If there are <b>less than ten "Total Completers and Exiters"</b> for an approved education program, then do <b>NOT</b> enter candidate results for the respective licensure assessments for that approved education program. These candidates will be rolled over, i.e., added into the pool used for the next biennial report. <b>Note, the "Pass Rate (%)" will automatically be calculated by the spreadsheet for each respective licensure assessment for each approved education program.</b>

Std. #	Description of Standard																							
1.	<b>Candidate Progress and Performance on Prescribed Board of Education Licensure Assessments.</b> Candidate passing rates, reported by percentages, shall not fall below 80% biennially for individuals completing and exiting the program. Candidates completing a program shall have successfully completed all coursework, required assessments, including those prescribed by the Board of Education, and supervised student teaching or internship. Candidates exiting a program shall have successfully completed all coursework, regardless of whether the individuals attempted, passed, or failed required assessments, including those prescribed by the Board of Education, and/or who may not have completed supervised student teaching or required internship.																							
Ref.	Description of Assessments																							
A	<b>Academic Skills Assessment:</b> The prescribed test is the <i>Virginia Communication and Literacy Assessment (VCLA)</i> . This assessment is applicable to individuals seeking an initial teaching license. The VCLA is not required for add-on endorsements or for Administration and Supervision PreK-12, School Counselor PreK-12, School Psychology, School Social Worker, or Speech Language Pathologist PreK-12 endorsements.																							
B	<b>Content Assessment:</b> The prescribed test is the <i>Praxis II: Specialty Area Test</i> . This assessment is applicable to the following subject area endorsements only: Business and Information Technology; Early/Primary Education PreK-3; Elementary Education PreK-6; English; French; German; Family and Consumer Sciences; Health and Physical Education; History and Social Sciences; Marketing Education; Mathematics; Middle Education 6-8; Music Education-Instrumental; Music Education-Vocal/Choral; Science-Biology; Science-Chemistry; Science-Earth Science; Science-Physics; Spanish; Technology Education; and Visual Arts.																							
C	<b>Virginia Reading Assessment:</b> The prescribed test for individuals seeking an initial teaching license with endorsements in Early/Primary Education PreK-3, Elementary Education PreK-6, Special Education-General Curriculum, Special Education-Hearing Impairments, or Special Education-Visual Impairments is either the <i>Virginia Reading Assessment for Elementary and Special Education Teachers (VRA)</i> or the <i>Reading for Virginia Educators: Elementary and Special Education (RVE)</i> . The prescribed test for the Reading Specialist endorsement is the <i>Virginia Reading Assessment for Reading Specialist</i> or the <i>Reading for Virginia Educators: Reading Specialist</i> .																							
D	<b>School Leadership Assessment:</b> The prescribed test, applicable to the Administration and Supervision PreK-12 endorsement only, is the <i>School Leadership Licensure Assessment (SLLA)</i> .																							
Key																								
P = Passed; NP = Not Passed; NT = Not Taken; NR = Not Required (because the candidate is seeking an added endorsement to an existing Virginia teaching license). Not Applicable (N/A) = The licensure assessment is not prescribed for the respective approved education program.																								
Instructions																								
Please note that if an approved education program had less than ten completers and exiters reported in the prior biennial reporting period, then those completers and exiters are displayed in the table below under the "Rollover Only from Prior Biennial Reporting Period" column and will automatically be summed together with the current biennial reporting period completers and exiters for that education program.																								
<b>For each approved education program listed below, complete the following information as it pertains to the Current Biennial Reporting Period, i.e., September 1, 2011, through August 31, 2013:</b>																								
Step 1 Enter the number of program completers for the current biennial reporting period.																								
Step 2 Enter the number of program exiters for the current biennial reporting period.																								
<b>Note, the spreadsheet will automatically calculate the "Total Completers and Exiters" for each approved education program based on the sum of the "Rollover" completers and exiters and of your current period entries in Step 1 and Step 2.</b>																								
Step 3 If there are <b>ten or more "Total Completers and Exiters"</b> , then proceed to enter in each of the designated columns the number (i.e., zero or higher) of candidates who passed (P), who did not pass (NP), who did not take (NT), and who were not required to take (NR) the applicable licensure assessments for that approved program.																								
Step 4 If there are <b>less than ten "Total Completers and Exiters"</b> for an approved education program, then do <b>NOT</b> enter candidate results for the respective licensure assessments for that approved education program. These candidates will be rolled over, i.e., added into the pool used for the next biennial report.																								
<b>Note, the "Pass Rate (%)" will automatically be calculated by the spreadsheet for each respective licensure assessment for each approved education program.</b>

Std. #	Description of Standard																							
1.	<b>Candidate Progress and Performance on Prescribed Board of Education Licensure Assessments.</b> Candidate passing rates, reported by percentages, shall not fall below 80% biennially for individuals completing and exiting the program. Candidates completing a program shall have successfully completed all coursework, required assessments, including those prescribed by the Board of Education, and supervised student teaching or internship. Candidates exiting a program shall have successfully completed all coursework, regardless of whether the individuals attempted, passed, or failed required assessments, including those prescribed by the Board of Education, and/or who may not have completed supervised student teaching or required internship.																							
Ref.	Description of Assessments																							
A	<b>Academic Skills Assessment:</b> The prescribed test is the <i>Virginia Communication and Literacy Assessment (VCLA)</i> . This assessment is applicable to individuals seeking an initial teaching license. The VCLA is not required for add-on endorsements or for Administration and Supervision PreK-12, School Counselor PreK-12, School Psychology, School Social Worker, or Speech Language Pathologist PreK-12 endorsements.																							
B	<b>Content Assessment:</b> The prescribed test is the <i>Praxis II: Specialty Area Test</i> . This assessment is applicable to the following subject area endorsements only: Business and Information Technology; Early/Primary Education PreK-3; Elementary Education PreK-6; English; French; German; Family and Consumer Sciences; Health and Physical Education; History and Social Sciences; Marketing Education; Mathematics; Middle Education 6-8; Music Education-Instrumental; Music Education-Vocal/Choral; Science-Biology; Science-Chemistry; Science-Earth Science; Science-Physics; Spanish; Technology Education; and Visual Arts.																							
C	<b>Virginia Reading Assessment:</b> The prescribed test for individuals seeking an initial teaching license with endorsements in Early/Primary Education PreK-3, Elementary Education PreK-6, Special Education-General Curriculum, Special Education-Hearing Impairments, or Special Education-Visual Impairments is either the <i>Virginia Reading Assessment for Elementary and Special Education Teachers (VRA)</i> or the <i>Reading for Virginia Educators: Elementary and Special Education (RVE)</i> . The prescribed test for the Reading Specialist endorsement is the <i>Virginia Reading Assessment for Reading Specialist</i> or the <i>Reading for Virginia Educators: Reading Specialist</i> .																							
D	<b>School Leadership Assessment:</b> The prescribed test, applicable to the Administration and Supervision PreK-12 endorsement only, is the <i>School Leadership Licensure Assessment (SLLA)</i> .																							
Key																								
P = Passed; NP = Not Passed; NT = Not Taken; NR = Not Required (because the candidate is seeking an added endorsement to an existing Virginia teaching license). Not Applicable (N/A) = The licensure assessment is not prescribed for the respective approved education program.																								
Instructions																								
Please note that if an approved education program had less than ten completers and exiters reported in the prior biennial reporting period, then those completers and exiters are displayed in the table below under the "Rollover Only from Prior Biennial Reporting Period" column and will automatically be summed together with the current biennial reporting period completers and exiters for that education program.																								
<b>For each approved education program listed below, complete the following information as it pertains to the Current Biennial Reporting Period, i.e., September 1, 2011, through August 31, 2013:</b>																								
Step 1 Enter the number of program completers for the current biennial reporting period.																								
Step 2 Enter the number of program exiters for the current biennial reporting period.																								
<b>Note, the spreadsheet will automatically calculate the "Total Completers and Exiters" for each approved education program based on the sum of the "Rollover" completers and exiters and of your current period entries in Step 1 and Step 2.</b>																								
Step 3 If there are <b>ten or more "Total Completers and Exiters"</b> , then proceed to enter in each of the designated columns the number (i.e., zero or higher) of candidates who passed (P), who did not pass (NP), who did not take (NT), and who were not required to take (NR) the applicable licensure assessments for that approved program.																								
Step 4 If there are <b>less than ten "Total Completers and Exiters"</b> for an approved education program, then do <b>NOT</b> enter candidate results for the respective licensure assessments for that approved education program. These candidates will be rolled over, i.e., added into the pool used for the next biennial report.																								
<b>Note, the "Pass Rate (%)" will automatically be calculated by the spreadsheet for each respective licensure assessment for each approved education program.</b>

Candidates completing a program shall have successfully completed all coursework, required assessments, including those prescribed by the Board of Education, and supervised student teaching or internship. Candidates exiting a program shall have successfully completed all coursework, regardless of whether the individuals attempted, passed, or failed required assessments, including those prescribed by the Board of Education, and/or who may not have completed supervised student teaching or required internship.																							
Ref.	Description of Assessments																							
A	<b>Academic Skills Assessment:</b> The prescribed test is the <i>Virginia Communication and Literacy Assessment (VCLA)</i> . This assessment is applicable to individuals seeking an initial teaching license. The VCLA is not required for add-on endorsements or for Administration and Supervision PreK-12, School Counselor PreK-12, School Psychology, School Social Worker, or Speech Language Pathologist PreK-12 endorsements.																							
B	<b>Content Assessment:</b> The prescribed test is the <i>Praxis II: Specialty Area Test</i> . This assessment is applicable to the following subject area endorsements only: Business and Information Technology; Early/Primary Education PreK-3; Elementary Education PreK-6; English; French; German; Family and Consumer Sciences; Health and Physical Education; History and Social Sciences; Marketing Education; Mathematics; Middle Education 6-8; Music Education-Instrumental; Music Education-Vocal/Choral; Science-Biology; Science-Chemistry; Science-Earth Science; Science-Physics; Spanish; Technology Education; and Visual Arts.																							
C	<b>Virginia Reading Assessment:</b> The prescribed test for individuals seeking an initial teaching license with endorsements in Early/Primary Education PreK-3, Elementary Education PreK-6, Special Education-General Curriculum, Special Education-Hearing Impairments, or Special Education-Visual Impairments is either the <i>Virginia Reading Assessment for Elementary and Special Education Teachers (VRA)</i> or the <i>Reading for Virginia Educators: Elementary and Special Education (RVE)</i> . The prescribed test for the Reading Specialist endorsement is the <i>Virginia Reading Assessment for Reading Specialist</i> or the <i>Reading for Virginia Educators: Reading Specialist</i> .																							
D	<b>School Leadership Assessment:</b> The prescribed test, applicable to the Administration and Supervision PreK-12 endorsement only, is the <i>School Leadership Licensure Assessment (SLLA)</i> .																							
Key																								
P = Passed; NP = Not Passed; NT = Not Taken; NR = Not Required (because the candidate is seeking an added endorsement to an existing Virginia teaching license).																								
Not Applicable (N/A) = The licensure assessment is not prescribed for the respective approved education program.																								
Instructions																								
Please note that if an approved education program had less than ten completers and exiters reported in the prior biennial reporting period, then those completers and exiters are displayed in the table below under the "Rollover Only from Prior Biennial Reporting Period" column and will automatically be summed together with the current biennial reporting period completers and exiters for that education program.																								
<b>For each approved education program listed below, complete the following information as it pertains to the Current Biennial Reporting Period, i.e., September 1, 2011, through August 31, 2013:</b>																								
Step 1 Enter the number of program completers for the current biennial reporting period.																								
Step 2 Enter the number of program exiters for the current biennial reporting period.																								
<b>Note, the spreadsheet will automatically calculate the "Total Completers and Exiters" for each approved education program based on the sum of the "Rollover" completers and exiters and of your current period entries in Step 1 and Step 2.</b>																								
Step 3 If there are <b>ten or more "Total Completers and Exiters"</b> , then proceed to enter in each of the designated columns the number (i.e., zero or higher) of candidates who passed (P), who did not pass (NP), who did not take (NT), and who were not required to take (NR) the applicable licensure assessments for that approved program.																								
Step 4 If there are <b>less than ten "Total Completers and Exiters"</b> for an approved education program, then do <b>NOT</b> enter candidate results for the respective licensure assessments for that approved education program. These candidates will be rolled over, i.e., added into the pool used for the next biennial report.																								
<b>Note, the "Pass Rate (%)" will automatically be calculated by the spreadsheet for each respective licensure assessment for each approved education program.</b>

Std. #	Description of Standard																								
1.	<b>Candidate Progress and Performance on Prescribed Board of Education Licensure Assessments.</b> Candidate passing rates, reported by percentages, shall not fall below 80% biennially for individuals completing and exiting the program. Candidates completing a program shall have successfully completed all coursework, required assessments, including those prescribed by the Board of Education, and supervised student teaching or internship. Candidates exiting a program shall have successfully completed all coursework, regardless of whether the individuals attempted, passed, or failed required assessments, including those prescribed by the Board of Education, and/or who may not have completed supervised student teaching or required internship.																								
Ref.	Description of Assessments																								
A	<b>Academic Skills Assessment:</b> The prescribed test is the <i>Virginia Communication and Literacy Assessment (VCLA)</i> . This assessment is applicable to individuals seeking an initial teaching license. The VCLA is not required for add-on endorsements or for Administration and Supervision PreK-12, School Counselor PreK-12, School Psychology, School Social Worker, or Speech Language Pathologist PreK-12 endorsements.																								
B	<b>Content Assessment:</b> The prescribed test is the <i>Praxis II: Specialty Area Test</i> . This assessment is applicable to the following subject area endorsements only: Business and Information Technology; Early/Primary Education PreK-3; Elementary Education PreK-6; English; French; German; Family and Consumer Sciences; Health and Physical Education; History and Social Sciences; Marketing Education; Mathematics; Middle Education 6-8; Music Education-Instrumental; Music Education-Vocal/Choral; Science-Biology; Science-Chemistry; Science-Earth Science; Science-Physics; Spanish; Technology Education; and Visual Arts.																								
C	<b>Virginia Reading Assessment:</b> The prescribed test for individuals seeking an initial teaching license with endorsements in Early/Primary Education PreK-3, Elementary Education PreK-6, Special Education-General Curriculum, Special Education-Hearing Impairments, or Special Education-Visual Impairments is either the <i>Virginia Reading Assessment for Elementary and Special Education Teachers (VRA)</i> or the <i>Reading for Virginia Educators: Elementary and Special Education (RVE)</i> . The prescribed test for the Reading Specialist endorsement is the <i>Virginia Reading Assessment for Reading Specialist</i> or the <i>Reading for Virginia Educators: Reading Specialist</i> .																								
D	<b>School Leadership Assessment:</b> The prescribed test, applicable to the Administration and Supervision PreK-12 endorsement only, is the <i>School Leadership Licensure Assessment (SLLA)</i> .																								
Key																									
<b>P = Passed; NP = Not Passed; NT = Not Taken; NR = Not Required</b> (because the candidate is seeking an added endorsement to an existing Virginia teaching license). **APPENDIX E - STANDARDS 2 THROUGH 6 DETAILED RESULTS BY INSTITUTION OF  
HIGHER EDUCATION**

**Standards for Biennial Approval of Education Programs (8VAC20-542-40.2-6)**  
**Certification of Standards 2 through 6**

**Biennial Reporting Period:** September 1, 2011, through August 31, 2013

**Name of Institution:** Averett University

Std. #	Description of Standard
2.	Candidate progress and performance on an assessment of basic skills as prescribed by the Board of Education for individuals seeking entry into an approved education preparation program. Indicators of the achievement of this standard shall include: a. Results on Board of Education prescribed entry-level assessments; and b. Documentation that candidates enrolled in the program who fail to achieve a minimum score established by the Board of Education have the opportunity to address any deficiencies.
3.	Structured and integrated field experiences to include student teaching requirements. Indicators of the achievement of this standard shall include the following: a. Evidence that candidates receive quality structured and integrated field experiences that prepare them to work in diverse educational environments; and b. Evidence that at least 300 clock hours of field experiences for initial programs (including early exposure to PreK-12 classroom experiences) to include a minimum of 150 clock hours of directed student teaching requirements are provided. Programs in administration and supervision shall provide field experiences with a minimum of 320 clock hours as part of a deliberately structured internship over the duration of a preparation program. The majority of the school level supervised experience shall take place during the school day in concentrated blocks of time when PreK-12 students are present.
4.	Evidence of opportunities for candidates to participate in diverse school settings that provide experiences with populations that include racial, economic, linguistic, and ethnic diversity throughout the program experiences. The indicator of the achievement of this standard shall include evidence that the professional education programs provide opportunities for candidates to have program experiences in diverse school settings that provide experiences with populations that include racial, economic, linguistic, and ethnic diversity within each biennial period.
5.	Evidence of contributions to PreK-12 student achievement by candidates completing the program. Indicators of the achievement of this standard shall include the following a. Evidence to show that candidates know about, create, and use appropriate and effective measurements in teaching that shall provide dependable information about student achievement; b. Evidence to document faculty have made provisions for evaluating effects that candidates have on PreK-12 student learning in the context of teaching as they design unit assessment systems and assessments for each program; and c. Evidence that the education program assesses candidates' mastery of exit criteria and performance proficiencies, including the ability to affect student learning, through the use of multiple sources of data such as culminating experience, portfolios, interviews, videotaped and observed performance in schools and standardized tests, and course grades.
6.	Evidence of employer job satisfaction with candidates completing the program. The indicator of the achievement of this standard shall include documentation that the education program has two years of evidence regarding candidate performance based on employer surveys.
NOTE	Documentation of the evidence of Standards 2 through 6 above must be maintained at the IHE and made available for audit upon request by VDOE.

Evidence that at least 300 clock hours of field experiences for initial programs (including early exposure to PreK-12 classroom experiences) to include a minimum of 150 clock hours of directed student teaching requirements are provided. Programs in administration and supervision shall provide field experiences with a minimum of 320 clock hours as part of a deliberately structured internship over the duration of a preparation program. The majority of the school level supervised experience shall take place during the school day in concentrated blocks of time when PreK-12 students are present.
4.	Evidence of opportunities for candidates to participate in diverse school settings that provide experiences with populations that include racial, economic, linguistic, and ethnic diversity throughout the program experiences. The indicator of the achievement of this standard shall include evidence that the professional education programs provide opportunities for candidates to have program experiences in diverse school settings that provide experiences with populations that include racial, economic, linguistic, and ethnic diversity within each biennial period.
5.	Evidence of contributions to PreK-12 student achievement by candidates completing the program. Indicators of the achievement of this standard shall include the following a. Evidence to show that candidates know about, create, and use appropriate and effective measurements in teaching that shall provide dependable information about student achievement; b. Evidence to document faculty have made provisions for evaluating effects that candidates have on PreK-12 student learning in the context of teaching as they design unit assessment systems and assessments for each program; and c. Evidence that the education program assesses candidates' mastery of exit criteria and performance proficiencies, including the ability to affect student learning, through the use of multiple sources of data such as culminating experience, portfolios, interviews, videotaped and observed performance in schools and standardized tests, and course grades.
6.	Evidence of employer job satisfaction with candidates completing the program. The indicator of the achievement of this standard shall include documentation that the education program has two years of evidence regarding candidate performance based on employer surveys.
NOTE	Documentation of the evidence of Standards 2 through 6 above must be maintained at the IHE and made available for audit upon request by VDOE.

**Instructions**

For the current biennial reporting period, i.e., September 1, 2011, through August 31, 2013, please complete the following information:

1) For each approved education program listed below that received **approval prior to September 1, 2011**, and for which you had **at least one program completer or program exiter during the current biennial reporting period**, indicate if you met the standards (as defined above) by selecting either "MET" or "NOT MET" from the dropdown box for each standard.

2) For each approved education program listed below that received **approval prior to September 1, 2011**, for which you had a total of **zero program completers and program exiters for the current biennial reporting period**, select "INACTIVE" from the dropdown box for each standard.

3) For each approved education program listed below that received **approval on or after September 1, 2011**, select "NEW" from the dropdown box for each standard.

Std. #	Description of Standard
2.	Candidate progress and performance on an assessment of basic skills as prescribed by the Board of Education for individuals seeking entry into an approved education preparation program. Indicators of the achievement of this standard shall include: a. Results on Board of Education prescribed entry-level assessments; and b. Documentation that candidates enrolled in the program who fail to achieve a minimum score established by the Board of Education have the opportunity to address any deficiencies.
3.	Structured and integrated field experiences to include student teaching requirements. Indicators of the achievement of this standard shall include the following: a. Evidence that candidates receive quality structured and integrated field experiences that prepare them to work in diverse educational environments; and b. Evidence that at least 300 clock hours of field experiences for initial programs (including early exposure to PreK-12 classroom experiences) to include a minimum of 150 clock hours of directed student teaching requirements are provided. Programs in administration and supervision shall provide field experiences with a minimum of 320 clock hours as part of a deliberately structured internship over the duration of a preparation program. The majority of the school level supervised experience shall take place during the school day in concentrated blocks of time when PreK-12 students are present.
4.	Evidence of opportunities for candidates to participate in diverse school settings that provide experiences with populations that include racial, economic, linguistic, and ethnic diversity throughout the program experiences. The indicator of the achievement of this standard shall include evidence that the professional education programs provide opportunities for candidates to have program experiences in diverse school settings that provide experiences with populations that include racial, economic, linguistic, and ethnic diversity within each biennial period.
5.	Evidence of contributions to PreK-12 student achievement by candidates completing the program. Indicators of the achievement of this standard shall include the following a. Evidence to show that candidates know about, create, and use appropriate and effective measurements in teaching that shall provide dependable information about student achievement; b. Evidence to document faculty have made provisions for evaluating effects that candidates have on PreK-12 student learning in the context of teaching as they design unit assessment systems and assessments for each program; and c. Evidence that the education program assesses candidates' mastery of exit criteria and performance proficiencies, including the ability to affect student learning, through the use of multiple sources of data such as culminating experience, portfolios, interviews, videotaped and observed performance in schools and standardized tests, and course grades.
6.	Evidence of employer job satisfaction with candidates completing the program. The indicator of the achievement of this standard shall include documentation that the education program has two years of evidence regarding candidate performance based on employer surveys.
NOTE	Documentation of the evidence of Standards 2 through 6 above must be maintained at the IHE and made available for audit upon request by VDOE.

**Instructions**

For the current biennial reporting period, i.e., September 1, 2011, through August 31, 2013, please complete the following information:

- 1) For each approved education program listed below that received **approval prior to September 1, 2011**, and for which you had **at least one program completer or program exiter during the current biennial reporting period**, indicate if you met the standards (as defined above) by selecting either "MET" or "NOT MET" from the dropdown box for each standard.
- 2) For each approved education program listed below that received **approval prior to September 1, 2011**, for which you had a total of **zero program completers and program exiters for the current biennial reporting period**, select "INACTIVE" from the dropdown box for each standard.
- 3) For each approved education program listed below that received **approval on or after September 1, 2011**, select "NEW" from the dropdown box for each standard.

Std. #	Description of Standard
2.	Candidate progress and performance on an assessment of basic skills as prescribed by the Board of Education for individuals seeking entry into an approved education preparation program. Indicators of the achievement of this standard shall include: a. Results on Board of Education prescribed entry-level assessments; and b. Documentation that candidates enrolled in the program who fail to achieve a minimum score established by the Board of Education have the opportunity to address any deficiencies.
3.	Structured and integrated field experiences to include student teaching requirements. Indicators of the achievement of this standard shall include the following: a. Evidence that candidates receive quality structured and integrated field experiences that prepare them to work in diverse educational environments; and b. Evidence that at least 300 clock hours of field experiences for initial programs (including early exposure to PreK-12 classroom experiences) to include a minimum of 150 clock hours of directed student teaching requirements are provided. Programs in administration and supervision shall provide field experiences with a minimum of 320 clock hours as part of a deliberately structured internship over the duration of a preparation program. The majority of the school level supervised experience shall take place during the school day in concentrated blocks of time when PreK-12 students are present.
4.	Evidence of opportunities for candidates to participate in diverse school settings that provide experiences with populations that include racial, economic, linguistic, and ethnic diversity throughout the program experiences. The indicator of the achievement of this standard shall include evidence that the professional education programs provide opportunities for candidates to have program experiences in diverse school settings that provide experiences with populations that include racial, economic, linguistic, and ethnic diversity within each biennial period.
5.	Evidence of contributions to PreK-12 student achievement by candidates completing the program. Indicators of the achievement of this standard shall include the following a. Evidence to show that candidates know about, create, and use appropriate and effective measurements in teaching that shall provide dependable information about student achievement; b. Evidence to document faculty have made provisions for evaluating effects that candidates have on PreK-12 student learning in the context of teaching as they design unit assessment systems and assessments for each program; and c. Evidence that the education program assesses candidates' mastery of exit criteria and performance proficiencies, including the ability to affect student learning, through the use of multiple sources of data such as culminating experience, portfolios, interviews, videotaped and observed performance in schools and standardized tests, and course grades.
6.	Evidence of employer job satisfaction with candidates completing the program. The indicator of the achievement of this standard shall include documentation that the education program has two years of evidence regarding candidate performance based on employer surveys.
NOTE	Documentation of the evidence of Standards 2 through 6 above must be maintained at the IHE and made available for audit upon request by VDOE.

Indicators of the achievement of this standard shall include the following <ol style="list-style-type: none"> <li>a. Evidence to show that candidates know about, create, and use appropriate and effective measurements in teaching that shall provide dependable information about student achievement;</li> <li>b. Evidence to document faculty have made provisions for evaluating effects that candidates have on PreK-12 student learning in the context of teaching as they design unit assessment systems and assessments for each program; and</li> <li>c. Evidence that the education program assesses candidates' mastery of exit criteria and performance proficiencies, including the ability to affect student learning, through the use of multiple sources of data such as culminating experience, portfolios, interviews, videotaped and observed performance in schools and standardized tests, and course grades.</li> </ol>
6.	Evidence of employer job satisfaction with candidates completing the program. The indicator of the achievement of this standard shall include documentation that the education program has two years of evidence regarding candidate performance based on employer surveys.
NOTE	Documentation of the evidence of Standards 2 through 6 above must be maintained at the IHE and made available for audit upon request by VDOE.

**Instructions**

For the current biennial reporting period, i.e., September 1, 2011, through August 31, 2013, please complete the following information:

1) For each approved education program listed below that received **approval prior to September 1, 2011**, and for which you had **at least one program completer or program exiter during the current biennial reporting period**, indicate if you met the standards (as defined above) by selecting either "MET" or "NOT MET" from the dropdown box for each standard.

2) For each approved education program listed below that received **approval prior to September 1, 2011**, for which you had a total of **zero program completers and program exiters for the current biennial reporting period**, select "INACTIVE" from the dropdown box for each standard.

3) For each approved education program listed below that received **approval on or after September 1, 2011**, select "NEW" from the dropdown box for each standard.

Programs in administration and supervision shall provide field experiences with a minimum of 320 clock hours as part of a deliberately structured internship over the duration of a preparation program. The majority of the school level supervised experience shall take place during the school day in concentrated blocks of time when PreK-12 students are present.
4.	Evidence of opportunities for candidates to participate in diverse school settings that provide experiences with populations that include racial, economic, linguistic, and ethnic diversity throughout the program experiences. The indicator of the achievement of this standard shall include evidence that the professional education programs provide opportunities for candidates to have program experiences in diverse school settings that provide experiences with populations that include racial, economic, linguistic, and ethnic diversity within each biennial period.
5.	Evidence of contributions to PreK-12 student achievement by candidates completing the program. Indicators of the achievement of this standard shall include the following a. Evidence to show that candidates know about, create, and use appropriate and effective measurements in teaching that shall provide dependable information about student achievement; b. Evidence to document faculty have made provisions for evaluating effects that candidates have on PreK-12 student learning in the context of teaching as they design unit assessment systems and assessments for each program; and c. Evidence that the education program assesses candidates' mastery of exit criteria and performance proficiencies, including the ability to affect student learning, through the use of multiple sources of data such as culminating experience, portfolios, interviews, videotaped and observed performance in schools and standardized tests, and course grades.
6.	Evidence of employer job satisfaction with candidates completing the program. The indicator of the achievement of this standard shall include documentation that the education program has two years of evidence regarding candidate performance based on employer surveys.
NOTE	Documentation of the evidence of Standards 2 through 6 above must be maintained at the IHE and made available for audit upon request by VDOE.

**Instructions**
