Goal 5: The *Regulations Governing the Review and Approval of Education Programs in Virginia* (8VAC20-542-10 et seq.), effective September 21, 2007, amended January 19, 2011, set forth the requirements for the accreditation and approval of programs preparing teachers, administrators, and other instructional personnel requiring licensure. These regulations establish policies and standards for the preparation of instructional personnel, further ensuring educational quality for Virginia public school students. Colleges and universities that offer programs for the preparation of professional school personnel must obtain education program (endorsement) approval from the Board of Education. Requests to offer new education endorsement programs are submitted to the Department of Education.

Personnel in the Division of Teacher Education and Licensure and program specialists within the Department of Education review the programs to ensure competencies and other requirements have been addressed. The Advisory Board on Teacher Education and Licensure reviews and makes recommendations to the Board of Education on approval of Virginia education programs for school personnel. Final authority for program approval rests with the Board of Education. Requests for new program endorsements approved by the Board of Education will receive a rating of *Approved*; *Approved with Stipulations*; or *Approval Denied*.

The *Regulations Governing the Review and Approval of Education Programs in Virginia*, in part, stipulate the following:

**8VAC20-542-20. Administering the regulations.**

- ...D. Institutions of higher education seeking approval of an education program shall be accredited by a regional accrediting agency....
- H. Education programs shall be approved under these regulations biennially based on compliance with the criteria described in 8VAC20-542-40....

**8VAC20-542-40. Standards for biennial approval of education programs.**

1. Candidate progress and performance on prescribed Board of Education licensure assessments. Candidate passing rates, reported by percentages, shall not fall below 70 percent biennially for individuals completing and exiting the program. Achievement of an 80 percent biennial passing rate shall be required by July 1, 2010. Candidates completing a program shall have successfully completed all coursework, required assessments, including those prescribed by the Board of Education, and supervised student teaching or internship. Candidates exiting a program shall have successfully completed all coursework, regardless of whether the individuals attempted, passed, or failed required assessments, including those prescribed by the Board of Education, and/or who may not have completed supervised student teaching or required internship.
