An advisory committee shall be composed of persons who represent the views and interests of the general public and who are known to be qualified to perform their duties. Personnel of the Department of Education may be appointed to the committee, as members or as consultants. Unless otherwise prescribed by state or federal law or regulations, all appointments to an advisory committee shall be made by the Board upon the recommendations of the Superintendent of Public Instruction...

The Board of Education's bylaws also specify the membership and term of service in Article Fifteen, Section 3 and 4, as follows:

Section 3. Membership. The Board shall determine the number of members to serve on an advisory committee, and shall appoint the members of the committee, as specified in Board bylaws under Article 9, Section 2, except as provided by state or federal law or regulation. Nominations for all vacant positions will be solicited as widely as practicable and on forms provided by the Virginia Department of Education. Members of advisory committees shall not receive compensation for their service, but may be reimbursed for travel expenses in accordance with state travel guidelines set forth by the Department of Accounts. The Board, at its discretion, may appoint a member of the Board to serve as a liaison to the advisory committee.

Section 4. Term of Service. Appointments to an advisory committee shall be for a term of three years. Members of an advisory committee may be re-appointed, with no member serving more than two consecutive three-year terms. Any vacancies shall be filled by the Board.
