Background Information and Statutory Authority:

Goal 1: Monitoring the progress of the Memoranda of Understanding (MOU) for the Franklin City School Board, Petersburg City School Board, and the Richmond City School Board supports accountability for student learning.

Section 8 VAC 20-131-315 of the *Regulations Establishing Standards for Accrediting Public Schools in Virginia* (SOA) requires certain actions for schools that are denied accreditation:

- A. Any school rated Accreditation Denied in accordance with 8 VAC 20-131-300 shall be subject to actions prescribed by the Board of Education and shall provide parents of enrolled students and other interested parties with the following:
1. Written notice of the school's accreditation rating within 30 calendar days of the notification of the rating from the Department of Education;
 2. A copy of the school division's proposed corrective action plan, including a timeline for implementation, to improve the school's accreditation rating; and
 3. An opportunity to comment on the division's proposed corrective action plan. Such public comment shall be received and considered by the school division prior to finalizing the school's corrective action plan and a Board of Education memorandum of understanding with the local school board.
- B. Any school rated Accreditation Denied in accordance with [8 VAC 20-131-300](#) shall be subject to actions prescribed by the Board of Education and affirmed through a memorandum of understanding between the Board of Education and the local school board. The local school board shall submit a corrective action plan to the Board of Education for its consideration in prescribing actions in the memorandum of understanding within 45 days of the notification of the rating. The memorandum of understanding shall be entered into no later than November 1 of the academic year in which the rating is awarded.

The local board shall submit status reports detailing implementation of actions prescribed by the memorandum of understanding to the Board of Education. The status reports shall be signed by the school principal, division superintendent, and the chair of the local school board. The school principal, division superintendent, and the chair of the local school board may be required to appear before the Board of Education to present status reports.

The memorandum of understanding may also include but not be limited to:

1. Undergoing an educational service delivery and management review. The Board of Education shall prescribe the content of such review and approve the reviewing authority retained by the school division.
2. Employing a turnaround specialist credentialed by the state to address those conditions at the school that may impede educational progress and effectiveness and academic success.

Summary of Important Issues:

Franklin City Public Schools:

On October 24, 2013, the Virginia Board of Education (VBOE) placed Franklin City Public Schools in division-level academic review status and authorized the Department of Education to begin the review process. The division-level review process was conducted December 1-5, 2013.

On March 27, 2014, the Virginia Board of Education (VBOE) approved a Memorandum of Understanding (MOU) between the Franklin City School Board and the VBOE. The MOU, subject to annual review and revisions by the Board of Education, will remain in effect until all Franklin City Public Schools are *Fully Accredited*.

On April 24, 2014, the VBOE announced that it would conduct a public hearing in Franklin City Public Schools to obtain input from constituents in Franklin City on the proposed corrective action plan. The public hearing was held on May 14, 2014, at Joseph P. King Middle School, and a report on this public hearing was submitted to the VBOE on May 22, 2014.

The corrective action plan, submitted at the June 26, 2014, Virginia Board of Education included all essential actions noted in the MOU and indicated whether the essential actions require immediate priority or systemic action over a longer period of time, as well as essential actions offered by the department and the VBOE at the April 24, 2014, and May 22, 2014, meetings.

While the Board noted that it was imperative that the corrective action plan be approved with all due speed, it was also apparent from their comments at the public hearing that the citizens of Franklin City Public Schools wanted more input into the development of the plan. The June 2014 approved corrective action plan was in effect from June 26, 2014 to November 30, 2014. During that time, the new superintendent and the Franklin City School Board were to form a committee to amend the corrective action plan to include additional essential actions that addressed the comments from the public hearing held on May 14, 2014, by the VBOE. The committee was to meet to finalize the corrective action plan and present a final corrective action plan for approval by the Franklin City School Board by October 17, 2014. The amended corrective action plan, developed based on input from the community committee, was submitted to the VBOE on November 7, 2014.

At the November 20, 2014, VBOE meeting, the board provided direction to the Franklin superintendent requesting that the current plan be further amended to identify incremental steps needed to reach established goals, strategies used to meet the incremental steps, and metrics for determining progress toward the goals.

At the January 21, 2015, meeting of the VBOE Committee on School and Division Accountability, a report on Franklin’s progress in responding to the direction provided by the VBOE at the November 2014 meeting was presented. Following the January 2015 meeting, the VBOE provided additional direction on the steps Franklin City should take in amending the corrective action plan. After completing the additional steps, targeted essential actions for the corrective action plan were approved by the VBOE on March 26, 2015.

The following chart contains an overview of school accreditation data for Franklin City Public Schools for the current school year and the previous three school years. Attachment A1 contains state and federal accountability data for each Franklin City school.

2014-2015	0	0	2	0	0	2	3	66.67%

Petersburg City Public Schools:

In 2004, the Petersburg City School Board requested a division-level academic review. Petersburg City Public Schools and the VBOE signed an initial MOU detailing the review process on April 21, 2004. Based on the 2005-2006 assessment results, Petersburg City Public Schools entered into a second MOU on November 20, 2006. On November 17, 2009, the Virginia Board of Education revised the MOU for Petersburg City Public Schools. This MOU was to remain in effect until all schools were *Fully Accredited*. As required by the MOU, Petersburg City Public Schools developed a corrective action plan beginning in the 2009-2010 school year. An updated corrective action plan was approved by the VBOE on October 24, 2013.

In December 2015, teams from the Offices of School Improvement, Special Education Program Improvement, and Student Services conducted an on-site review in Petersburg City Public Schools. Based on the December on-site review, the VBOE approved a revised division-level MOU for Petersburg City School on April 28, 2016. A revised division-level corrective action plan was approved by the VBOE on November 17, 2016.

The following chart contains an overview of school accreditation data for Petersburg City Public Schools for the current school year and the previous three school years. Attachment B1 contains state and federal accountability data for each Petersburg City school.

Richmond City Public Schools:

During school years 2014-2015 and 2015-2016, Richmond City division and school leaders and the Director of the Office of Improvement met quarterly to review evidence of progress in selected Richmond City schools and plan next steps. During these meetings, Richmond City staff noted the need to include some division-wide essential actions in school plans. In August 2015, the Richmond City superintendent and Virginia Department of Education staff discussed Richmond data and the benefits of a division-level review. In July 2016, the Richmond City superintendent indicated that division data indicated the need for a division-level review. On October 17, 2016, the Richmond City School Board

voted to request a division-level review. With further discussion, it was agreed to proceed with plans for a Richmond City Public Schools division-level review if approved by the Virginia Board of Education. The Virginia Board of Education approved the request for a division-level review for Richmond City Public Schools on November 17, 2016. In preparation for the review, VDOE staff provided training on the division-level review tool to Richmond City Public Schools staff on January 19, 2017. A team of VDOE staff conducted the onsite review from March 6, 2017 through March 10, 2017. A division-level Memorandum of Understanding was approved by the VBOE on July 27, 2017.

The following chart contains an overview of school accreditation data for Richmond City Public Schools for the current school year and the previous three school years. Attachment C1 contains state and federal accountability data for each Richmond City school.

Technical Assistance

Franklin City Public Schools, Petersburg City Public Schools, and Richmond City Public Schools will participate in technical assistance sessions provided by the Office of School Improvement (OSI). The technical assistance for the 2017-2018 school year will focus on the implementation of essential actions identified as a part of continuous school improvement planning. Additionally, divisions with a division-level memorandum of understanding and corrective action plan will have regular meetings with OSI staff, the support of an OSI contractor(s), and the opportunity to select from the OSI/VDOE Technical Assistance Menu. Additional differentiated support will be provided as needs are identified through the continued implementation of the corrective action plans. Divisions that did not make progress toward full accreditation may have additional meetings with the Office of School Improvement in order to determine appropriate next steps.

Impact on Fiscal and Human Resources:

The contractor to serve as the Chief Academic Officer as required in the Franklin MOU will be paid by the Virginia Department of Education using existing state funds. In Petersburg and Richmond, the Office of School Improvement will use the academic review budget to fund contractors.

Timetable for Further Review/Action:

The superintendents of Franklin City Public Schools, Petersburg City Public Schools, and Richmond City Public Schools will meet with the Director of the Department's Office of School Improvement quarterly or more frequently to discuss progress in implementing their corrective action plans and to determine required next steps.

Superintendent's Recommendation:

The Superintendent of Public Instruction recommends that the Virginia Board of Education receive the annual progress report for Franklin City Public Schools, Petersburg City Public Schools, and Richmond City Public Schools as required for divisions under a division-level Memorandum of Understanding.
