Technical Assistance

All schools rated *Accreditation Denied* will participate in technical assistance provided by the Office of School Improvement (OSI). The technical assistance for the 2017-2018 school year will focus on the implementation of essential actions identified as a part of continuous school improvement planning. Additionally, schools rated *Accreditation Denied* will have triannual meetings with OSI staff, the support of an OSI contractor, and the opportunity to select from the OSI/VDOE Technical Assistance Menu. Additional differentiated support will be provided as needs are identified through the continued implementation of the corrective action plans. Schools rated *Accreditation Denied* that did not make progress toward full accreditation will be required to participate in the applicable Technical Assistance Menu sessions.

**Impact on Fiscal and Human Resources:**

The Office of School Improvement will use the academic review budget to fund contractors for technical assistance to each school.

**Timetable for Further Review/Action:**

The superintendents of schools with a Memorandum of Understanding will meet with the Director of the Department's Office of School Improvement triennially to discuss progress in implementing each school's corrective action plan and to determine required next steps.

**Superintendent's Recommendation:**

The Superintendent of Public Instruction recommends that the Virginia Board of Education receive the annual progress report for schools with a Memorandum of Understanding in *Accreditation Denied* status.
